## ART\_020's story

ART\_020 represents a unique collection of curated art by award winning artists who live and work in the Amsterdam area.

The vibrant local art scene of Amsterdam harbours a great number of interesting painters, sculptors and photographers, from emerging to well acclaimed, whose talents may not always be known outside The Netherlands. It is our mission to create an international stage for the best Dutch contemporary art through exhibiting at international art fairs and other events around Europe. Because of the current Covid-19 situation, the planned international activities in the international art arena are unfortunately postponed. However, ART\_020 is proud to present these contemporary artists in the refined and exclusive environment of a former coach house and adjacent garden in the heart of Amsterdam. As soon as the situation allows, we will cross the borders.
